

## NATURAL RESOURCE COMMISSION[571]

### Notice of Intended Action

#### **Proposing rule making related to deer hunting by residents and providing an opportunity for public comment**

The Natural Resource Commission (Commission) hereby proposes to amend Chapter 106, “Deer Hunting by Residents,” Iowa Administrative Code.

#### *Legal Authority for Rule Making*

This rule making is proposed under the authority provided in Iowa Code sections 455A.5(6), 481A.39 and 481A.48(1).

#### *State or Federal Law Implemented*

This rule making implements, in whole or in part, Iowa Code sections 481A.39 and 481A.48(1).

#### *Purpose and Summary*

Chapter 106, which governs deer hunting by residents in the state of Iowa, sets regulations for deer hunting and includes season dates, bag limits, possession limits, shooting hours, areas open to hunting, licensing procedures, means and methods of take, and transportation and reporting requirements.

This rule making proposes three amendments to Chapter 106. First, general deer licenses would be reestablished as valid in seven counties (Cerro Gordo, Franklin, Grundy, Hancock, Hardin, Winnebago, and Worth) for all seasons, and in all of northwest Iowa for the early muzzleloader season. Deer populations have been steadily increasing in the northwest, allowing for this increase in recreational opportunity for Iowa hunters.

Second, the January antlerless-deer-only season would be rescinded for all counties. Due to a widespread outbreak of Epizootic Hemorrhagic Disease (EHD) in the summer of 2019, deer numbers and harvest have been down across much of the state.

Third, this rule making proposes to modify the resident county antlerless-deer license quotas for a total of 23 counties. Quotas are proposed to be increased in Clayton, Fayette, Floyd, Guthrie, Jackson, Jones, Lee, Mitchell, Tama, Washington, and Winneshiek Counties to reduce deer densities for disease control or to alleviate negative human-deer interactions. Quotas are proposed to be decreased in Adams, Bremer, Fremont, Jefferson, Montgomery, Page, Poweshiek, Ringgold, Taylor, Union, Wapello, and Woodbury Counties to stabilize a healthy local population. Statewide, the overall proposed quota change is an increase of 125.

#### *Fiscal Impact*

This rule making has no negative fiscal impact to the state of Iowa. A copy of the fiscal impact statement is available from the Department of Natural Resources (Department) upon request.

#### *Jobs Impact*

After analysis and review of this rule making, no impact on jobs has been found. A copy of the jobs impact statement is available from the Department upon request.

#### *Waivers*

This rule is subject to the waiver provisions of 571—Chapter 11. Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Commission for a waiver of the discretionary provisions, if any.

### *Public Comment*

Any interested person may submit written comments concerning this proposed rule making. Written comments in response to this rule making must be received by the Department no later than 4:30 p.m. on May 26, 2020. Comments should be directed to:
